Phone: +977 986-0033401

Email: bhandarid729@gmail.com

## PROFILE

Final-year Bachelor in Information Management (BIM) student with a strong foundation in Python and Django. Experienced in building web applications and REST APIs through academic and personal projects. Quick learner with good problem-solving and communication skills, seeking an entry-level IT or backend development role.

## PROJECTS

### Job Portal Project

Job Portal - Recruitment Management System

- HR professionals can post jobs and manage the full recruitment process, while candidates can browse, apply for jobs, and track their application status in real time.
- Technologies Used** :- Django 5.2.3, SQLite3, Bootstrap 5, HTML5, CSS3, Django Authentication, Role-Based Access Control, Pillow, MVT Architecture

<https://github.com/Dipesh-Dhaurali/JobPortal>

### Text Analyzer

Web-Based Text Analyzer

- Users can paste text and instantly apply transformations such as removing punctuation or whitespace, converting to uppercase, and counting characters through an interactive web interface.
- Technologies Used** :- Django 5.2.3, Python, SQLite, HTML5, Bootstrap 5

<https://github.com/Dipesh-Dhaurali/text-utils>
